Re: 2020-275-S. Application of Condor Environmental, Incorporated Requesting an Expansion of Its Existing Sewer Service Area to Include Certain Portions of Anderson County and Approval of Agreement (Expedited Consideration Requested)

Dear Mr. Butler:

Condor does not oppose ORS's request for an extension to provide a status report filed today. I also write to provide Condor Environmental, Inc.'s status report in response to Commission Orders No. 2021-92 and 2021-152.

On March 8, 2021, ORS filed its status report and recommended conditions for the Commission's approval of Condor's application to serve Carriage Hill. On March 17, 2021, Condor responded it did not object to ORS's recommended conditions for approval.

In its previous status report of February 26, 2021, Condor informed the Commission of Renewable Water Resources ("ReWA")'s possible interest in this application. Condor has had no further contact from ReWa.

Condor believes this matter is ready for the Commission to consider.

With best wishes, I am,

Sincerely yours,

s/ Charlie Terreni

Charles L.A. Terreni
